

LEGAL IT ENGINEERING SERVICES

INFRASTRUCTURE
THAT DELIVERS

LEGALIT

AS LITIGATION AND REGULATORY ACTIONS DRIVE LEGAL PROCESSES, E-DISCOVERY PROJECTS HAVE BECOME CRITICAL DELIVERABLES FOR MANY COMPANIES.

OFTEN, THE PROJECTS AND COSTS OF E-DISCOVERY ARE VARIABLE AND MANY COMPANIES DO NOT WANT TO INVEST IN EXTENSIVE FIXED COST INFRASTRUCTURE AND PERSONNEL TO HANDLE WHAT MAY NOT BE A PERMANENT NEED.

KSF'S LEGAL IT ENGINEERING TEAM PROVIDES CONSULTING AND E-DISCOVERY INFRASTRUCTURE MANAGEMENT SERVICES THAT ALLOWS ORGANIZATIONS TO FLEXIBLY MEET THEIR AD-HOC E-DISCOVERY NEEDS.

LEGAL IT INFRASTRUCTURE SERVICES

Technologies:

KEY BENEFITS

- Proven configurations that serve hundreds of reviewers surveying petabytes of information
- We design for the optimal balance between environment performance, availability, scalability and costs
- Ultimate infrastructure and personnel security
- Expertise in a broad array of 3rd party products
- A development team that can custom build software to fill the gap from any needs not provided by off-the-shelf software
- Highly experienced infrastructure specialists 100% focused in Legal IT and capable of fulfilling your IT needs from the consulting to the deployment stage.
